About Us

Rooted in the vibrant town of Idar, Sabarkantha — once known as a flourishing hub for traditional toy-making — Devki Exim carries forward a legacy shaped by craftsmanship, culture, and creativity. Our founders, coming from strong backgrounds in agriculture and the ceramic industry, grew up surrounded by the values of hard work, honesty, and innovation. Inspired by Idar's historic identity as a toy marketplace, they envisioned bringing that heritage alive again — but with a modern twist. With this passion, Devki Exim introduced two thoughtfully crafted toy brands:

Made for the local market, this brand brings affordable, safe, and everyday fun to children across India.  celebrates simple joys and playful moments that stay in the heart forever.
